Hemp wrap

Brown blunt cones.

Less processed than white counterparts and sourced from premium hemp, our brown blunt cones offer elevated natural flavor without THC or tobacco. For better visibility, custom branding artwork should be in bright colors.

Green blunt cones

These cones provide a THC- and tobacco-free smooth smoking experience, allowing the flavor of hemp and flower to stand out. These papers are slightly thicker and offer a slow and even burn. Ideal for consumers who want an even but diluted smoking experience, these cones are a mandatory offering for your business.

CUSTOM BRANDING

Custom branded cones are becoming a necessity in our ever-evolving market. They act as a way to further brand your pre-roll and help create a cohesive brand identity. Why buy cones with someone else's logo on them when you could get them custom made to fit your brand for just pennies more? Our custom branded cones come in the same paper types and sizes as our unbranded cones, so glance over at page 2 to find detailed information on the paper types and sizes

Our minimum order quantity starts at 4,800 cones, allowing you to order any quantity to fit your company's inventory needs.
